

# PRESSROOM CHEMICALS

**AtéCé**  
GRAPHIC PRODUCTS

AtéCé Graphic Products is known for the excellent series of pressroom chemicals that we produce in our own factory. Supported by specialists from the laboratory, high quality requirements are continually improved. In order to be able to continually make progress in the printing industry, AtéCé has two extensive laboratories that are used for research & development and quality assurance.

Founts	Sheetfed	Coldset	Heatset	Dosage	IPA-free	IPA-reduced	With IPA	Fogra approved	Isega approved	Key features
Galaxy Fount SF5000	✓			2-3			✓			Allround fount with very stable ink water balance. Against calcium deposit.
Galaxy Fount SF5010	✓			2-3	✓	✓		✓		Allround IPA free/reduced fount with drying agent (cobalt free).
Galaxy Fount SF5100	✓			2-3	✓	✓		✓		Allround fount suitable for IPA reduced/free. Also suitable for narrow web.
Galaxy Fount SF6010	✓			3-4	✓	✓		P		For commercial and packaging and extremely suitable for metallic inks.
Galaxy Fount SF6020	✓			3-4	✓	✓		✓		Allround IPA free fount especially designed for CTP plates. ISEGA (food grade) approved.
Galaxy Fount SF6025	✓			2-4	✓	✓		✓		Is a latest generation fount additive for sheetfed applications when strongly reduced levels, or total elimination of isopropanol is required.
Galaxy Fount SF6040	✓			3-4	✓	✓		P		Very good and stable fount for UV, H-UV and LED, also excellent for conventional systems, especially on Komori presses.
Galaxy Fount SF6045	✓			4	✓	✓				Allround fount a universal fountain additive for sheetfed applications with moderate levels of isopropanol and good compatible with <b>copper</b> rollers.
Galaxy Fount SF6060	✓			4	✓	✓		✓		Positive contributions: IPA-reduction even at high speeds, very good drying, very clean circulation water, counteract "Kordingstreifen".
Galaxy Fount SF6070	✓			4	✓	✓				The best fountain solution for the new Kodak Sonara X plates.
Galaxy Fount SF6080	✓			4	✓	✓		✓	✓	Newest fount for the new generation UV inks counteract "framing", low foam, good compatibility with sensitive printing plates.
Galaxy Fount CS3030		✓		2-3				✓		Specially suitable for printing uncoated and newspapers.
Galaxy Fount CS3050		✓		2-3				✓		Universal fast cleanup Coldset fount for spray and turbo dampening systems (pH 5).
Galaxy Fount CS3070		✓		2-3				P		Neutral pH fount, better brilliance and cleaner blankets (pH7) Less paper linting.
Galaxy Fount HS4250			✓	3-4				P		Is a universal fountain additive for fast running heat set applications. It is applicable on all direct and indirect film dampening systems. Fount HS4250 is developed to decrease blanket piling and so increase wash intervals Modern Heatset fount for fast running presses. Cost effective and very effective against piling.
Galaxy Fount HS4255			✓	2				✓		Galaxy Fount HS4255 is sited for all heat set presses and paper stock. Good wetting for both CtP and conventional plates. This allows low water settings with a stable ink water balance and fast clean up properties, also after longer stops. Fount HS4255 is fully corrosion protected.
Galaxy Fount HS4260			✓	4				✓		Galaxy Fount HS4260 is a universal fountain additive for heat set applications. It is applicable on all direct and indirect film dampening systems. Fount HS4260 is suitable for alcohol free printing.
Galaxy Fount HS4270			✓	4				✓		Galaxy Fount HS4270 is a universal fountain additive for fast running heat set applications. It is applicable on all direct and indirect film dampening systems. Fount HS4270 is suitable for alcohol free printing.
Galaxy Fount HS4280			✓	4						Is a fountain additive for fast running heat set applications. Specially developed for Goss and M600 Heatset presses. It is applicable on all direct and indirect film dampening systems. Fount HS4280 is suitable for alcohol free printing.
Galaxy Fount CH7100		✓	✓	2				P		Galaxy Fount CS7100 is a universal fountain additive for both Heatset and Coldset web offset applications. It is applicable on all dampening systems.

Washes	Sheetfed	Coldset	Heatset	Washing efficiency	Automatic cleaning device	VBF class	CFC Free	Flash point	Fogra approved	Isega approved	Key features
Galaxy Wash WM126E-X	✓	✓		••••	✓		✓	63	✓	✓	Blanket and roller wash, water miscible, corrosion inhibited, strong cleaning power and aromatic free.
Galaxy Wash WM126G-X	✓	✓		••••	✓		✓	>55			Blanket and roller wash, water miscible, corrosion inhibited, strong cleaning power and aromatic free. With emulsifier and wash enhance. ISEGA (food grade) approved.
Galaxy Wash WM126ST-X	✓	✓		•••••	✓		✓	63	✓	✓	Blanket and roller wash. Extremely good water miscible. Suitable for ellettra and brush washing devices.
Galaxy Wash 63 Premium	✓	✓		••••	✓		✓	63	✓		Blanket and roller wash, water miscible, corrosion inhibited, strong cleaning power and aromatic free. With emulsifier and 30% saving in usages.
Galaxy Wash WM63F	✓	✓		•••••	✓		✓	62			Blanket and roller wash. Suitable for filtration.
Galaxy Wash WM184-X	✓			••••	✓		✓	40			All in one rubber, roller and cylinder washing agent with corrosion inhibitor.
Galaxy Combi-Wash UV75	✓			••••	✓		✓	74		✓	High washing power and suitable for LED UV, H-UV, UV. Excellent price/quality ratio
Galaxy Combi-Wash UV80	✓			••••	✓		✓	>75	✓	✓	Is a strong blanket and roller wash for UV, HUV, LE-UV, LED or EB inks. The product is compatible with EPDM rollers and blankets.
Galaxy Combi-Wash EcoNew	✓			••••	✓		✓	105			Is a strong blanket and roller wash for UV, HUV, LE-UV, LED or EB inks. The product is not compatible with EPDM rollers and blankets.
Galaxy Wash HS-NV 100			✓	•••••	✓		✓	>100	✓	✓	Galaxy Wash HS-NV 100 is a powerful wash for conventional inks, to be used on rollers and blankets in Heatset application. Non VOC with all certificates
Galaxy Wash HS-Web			✓	••••	✓		✓	100			Galaxy Wash HS-Web is a powerful economically priced wash for conventional inks, to be used on rollers and blankets in Heatset application.
Galaxy Wash WM230-X		✓	✓	•••••	✓		✓	115	✓		Blanket and roller wash, water miscible, corrosion inhibited, good cleaning power and aromatic free. Very high flash point.
Galaxy Wash HS-NV 105			✓	••••	✓		✓	105	✓		Galaxy Wash HS-NV 105 is a powerful economically wash for conventional inks, to be used on rollers and blankets in Heatset application.
Galaxy Wash News 80		✓		••••	✓		✓	71	✓		Galaxy Wash News 80 is a powerful economically priced wash for conventional inks, to be used on rollers and blankets in Coldset application.
Galaxy Wash News 100		✓		•••••	✓		✓	>100	✓	✓	Galaxy Wash News 100 is a powerful economically priced wash for conventional inks, to be used on rollers and blankets in Coldset application.
Galaxy Wash News 75F		✓		••••	✓		✓	74			Galaxy Wash News 75F is a powerful economically priced, filterable wash for conventional inks, to be used on rollers and blankets in Coldset application.
Galaxy Wash News 100F		✓		•••••	✓		✓	>100			Galaxy Wash News 100F is a powerful economically priced, filterable wash for conventional inks, to be used on rollers and blankets in Coldset application.

<b>Cleaning Agents</b>									
Degreaser	✓	✓	✓	•••••			-9		Especially designed for cleaning alcohol dampening rollers.
Degreaser Eco	✓	✓	✓	•••••			23		Environmentally friendly washing agent for cleaning alcohol dampening rollers. ISEGA (food grade) approved.
Degreaser Green	✓	✓	✓	•••••	AIII	✓	90		MRC Water based degreaser. A truly unique product.
Fast Clean	✓	✓	✓	•••••	All	✓	43		Galaxy Fast Clean is a very powerful wash for conventional inks, to be used on rollers and blankets.
Inkremover Fast	✓	✓	✓	•••••			-9		Galaxy Ink Remover Fast remove all types of ink residues and ink caking on spatulas, counter pressure rollers, ink ducts and any other parts of the press.
Remover DR	✓	✓	✓	•••••	All	✓	41		Galaxy Remover DR remove all types of ink residues and ink caking on spatulas, counter pressure rollers, ink ducts and any other parts of the press.
Screenwash AIII				•••••	AIII	✓	>64		Wash for Screen printing.
Ökocleaner	✓			•••••	AIII	✓	>55		Biological hand washing agent for rubber and rollers. Especially for removing paper fibres. Not suitable for cleaning plates.
GalaxyClean WB 0200	✓			•••••	AIII	✓	>62		Water-based coating cleaner. Developed for removing half and fully dried water-based coating from coating units.
GalaxyClean WB 0410	✓			•••••	AIII	✓	>62		This maintenance product prevents the cells of the Anilox roller being clogged up with residues of dried-on water-based coating.
BlancoFresh Fast	✓			•••••			-15		Galaxy BlancoFresh Fast - for regenerating and deep cleaning of blankets and rollers.
BlancoFresh AIII	✓	✓	✓	•••••	AIII	✓	64		Cleaning and conditioning agent for blankets and rollers. Protects against aging.
<b>Others</b>									
Isopropylalcohol 100%	Fountain solution additive.								
Systemcleaner C	Very strong cleaning concentrate for fountain solution systems. With anti corrosion properties. Dosage 1:5.								
Roller Shampoo	Galaxy Roller Shampoo removes persistent deposits (e.g. ink residues, UV ink residues, paper dust) from ink rollers and rubber blankets.								
Rollercleaning Paste	Cleaning paste that cleans ink rollers thoroughly. Roller Cleaning Paste makes it possible to change from dark to light colours quickly. Used by printing works throughout the world. <b>(Please note this is 950 gram)</b>								
Rollercleaning Paste UV	Cleaning paste that cleans UV ink rollers thoroughly. Roller Cleaning Paste UV makes it possible to change from dark to light colours quickly. Used by printing works throughout the world. <b>(Please note this is 650 gram)</b>								
<b>Plate Cleaners</b>									
PlateCleaner Special	Galaxy Plate Cleaner Special used for cleaning and de-sensitizing from offset printing plates with conventional ink.								
PlateCleaner Intensive	Plate cleaner whose composition of hydrophilic and oleophilic additives make it suitable for all metaloffsetplates. It removes small scratches and also gets the plate clean.								
PlateCleaner Special UV	UV plate cleaner whose composition of hydrophilic and oleophilic additives make it suitable for all metal offsetplates. It removes small scratches and also gets the UV plate clean.								
<b>Gums</b>									
PlateGum M RTU	A ready-to-use universal gum with very good ink acceptance and excellent water absorption from the surface of the plate. This product is also very suitable for CTP plates.								
PlateGum O Handgum	A neutral gum for hand use on printing presses.								
<b>Water Hardeners</b>									
Watercontitioner C	Hardening concentrate (re-hardener) for use in reverse osmosis systems or for soft tap water with strong micro-biological preservation. Dosage 0,5 - 1 %.								
Watercontitioner H	Hardening concentrate (re-hardener) for use in reverse osmosis systems or for soft tap water with strong micro-biological preservation. Dosage 2 - 4 %.								
<b>Decalcifiers</b>									
Galaxy Calcium Cleaner Gel	Gel for removing persistent lime surfaces.								
<b>Silicone Emulsions</b>									
Galaxy Silicone T	A premium silicon emulsion that is available in various concentrations.								
Galaxy Silicone T35 or T60	A premium quality silicone emulsion with 35% or 60% silicone. With anti-static, waxes, lubricant additives for modern fast running heatset presses. Low consumption.								
<b>Miscellaneous</b>									
TenCaQuick	TenCaQuick is an anti-set off paste that prevents the build-up of ink on the impression cylinder. When it is applied, a protective ink-repellent layer is created, which guarantees a longer life.								
Galaxy Wash Water Additive	Wash Water additive is a that avoids slime formation in your wash system and acts as an ideal additive for stabilising the water emulsion. Can always be used with an emulsion forming washing agent as well in others systems. Dosage 2-3%.								
Anti-foam V	Anti-foaming agent that must only be used in case of excessive foaming.								
Roller Protection Oil	Roller Protection Oil to be used on dry running rollers when not printing on all printing units, for use with conventional inking rollers.								
Roller Protection Oil UV	Roller Protection Oil to be used on dry running rollers when not printing on all printing units, for use with UV inking rollers.								
Roller Protection Paste	Prevents dry running of the ink rollers. Prevents higher abrasion and overheating of the roller surface. Good compatibility with elastomer roller qualities for conventional inks. <b>(Please note this is 2 kg)</b>								
Blanket Repair Kit	Galaxy Blanket Repair Kit regenerate damaged blankets. - High viscous - Swells the rubber surface - High efficiency <b>(Please note this is 100 ml)</b>

**Ask  
AtéCé**

AtéCé has over 40,000 graphics consumables in its product range. But what if you cannot find the product you are looking for? Just send a mail to [info@atece.com](mailto:info@atece.com) or call +31 (0)251 31 91 09. We can help you find the right product and/or custom solution.

Location Alkmaar, the Netherlands

Location Uitgeest, the Netherlands

## Knowledge and experience

At AtéCé, we never stop working on further development and improvement of pressroom chemicals for use in practice. We have been doing this since 1977 and, therefore, we have a lot of knowledge to share for the benefit of our customers. Our motto: “Our knowledge, your strength”.

## Fogra and Isega Certified

Several Galaxy chemicals have achieved Isega and Fogra certification. For product development, we work closely with the following, independent testing institutes.

## AtéCé Graphic Products

Based in the Netherlands, AtéCé Graphic Products is a leading manufacturer of a wide range of graphics consumables. AtéCé exports to more than 80 countries around the world via an extensive network of distributors.

## Producer

Since 1977, AtéCé has been a producer of, among other things, pressroom chemicals, dispersion and UV coatings and printing inks. AtéCé makes up rubber blankets, stripping plates and washcloth rolls in-house. The production sites are located in the Netherlands, in Uitgeest and Alkmaar. The various products are brought to market under its own brand names, as well as under private labels or as an OEM product.

## Distributors

AtéCé has a strong global network of distributors. Quality is an important trademark. As one of the few independent players in the market, AtéCé has a large degree of autonomy. AtéCé is a family business, this guarantees total engagement, accessibility and continuity.
